

OTC Labeled Antibiotic Product Changes Update

Check Availability Online or Call Us!

Once current OTC Antibiotic Product Inventories are DEPLETED and LABELING CHANGES occur, a VETERINARIAN'S PRESCRIPTION WILL BE REQUIRED, GFI #263, to Purchase Key Medical Antibiotic Products.

Important Note: Current OTC Antibiotic products in the distribution channel can be sold OTC until product inventory is depleted and new Rx labeling occurs.

Item numbers and ordering details will change when OTC inventory is depleted, and new Rx labeled product is available. Ask for details.
